Delivering Quality

Phoenix products are available through our award winning independent accredited bathroom retailers, who can guide you every step of the way in creating the bathroom of your dreams. Their expert advice and industry knowledge will make choosing your bathroom an effortless experience.

For over 23 Years Phoenix Bathrooms Ltd have been manufacturing and supplying prestigious bathroom products from our Yorkshire based production facility.

Implementing our goal to deliver high quality bathrooms time and time again, our in-house research & development teams are at the forefront of design, innovation and manufacturing, skilfully blending form and function.

Your bathroom should be a place of stylish tranquillity, re-assured by exceptional build quality and guaranteed next levels of style and comfort.

PHOENIX[®]

23 years of bathroom design excellence

One Planet

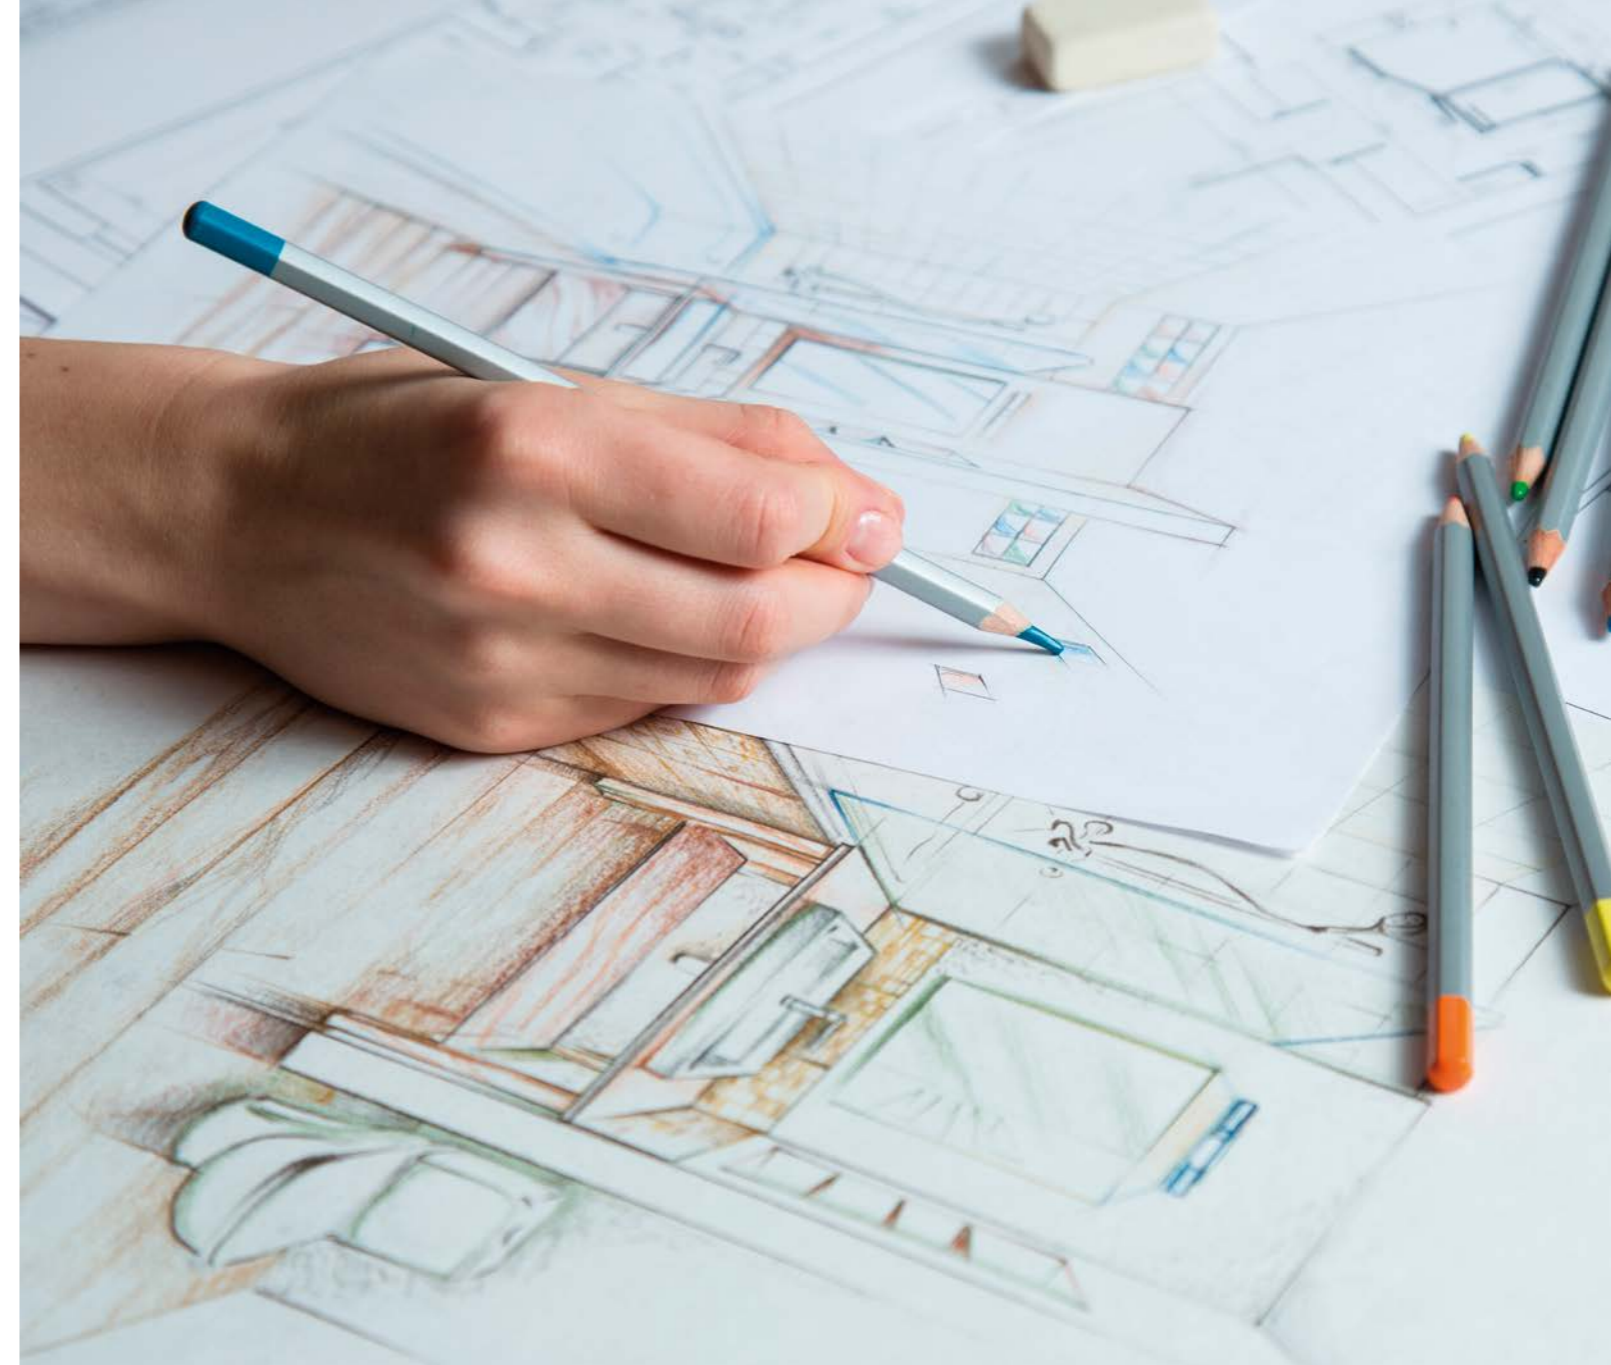

Phoenix are proud to be an ethical manufacturer whose principles are founded on the reduction of our carbon footprint throughout the supply chain and a responsible approach to both quality and the satisfaction of our clients.

Phoenix believe strongly that our planet is our responsibility, that is why for every piece of bathroom furniture we sell we secure the planting of a tree via the **Eden Reforestation Project**.

The **Eden Reforestation Project** mission offers the dignity of fair employment to people living in impoverished communities who become transformational agents of global forest restoration. Eden's global restoration network is creating livelihoods for millions of people living in extreme poverty by empowering them to restore and protect forests on a massive scale.

Phoenix plant a tree for every piece of furniture we supply

Flawless Designs

The Phoenix design team take inspiration from all aspects of life, bringing together, not only aesthetic beauty, but everyday practicality. Blending form and function seamlessly to create sensory products designed to be used in everyday sanctuaries to elevate your well-being.

NATURALS NEW

Through our connection with the natural world and the inspiration that this gives, our design team have worked tirelessly to create the Naturals collection.

The marble effect finishes bring a sense of the earth's naturally formed materials into a modern bathroom.

SPECTRUM NEW

Three of our popular colours are now available as basins - Matt Antique Rose, Matt Parisian Blue & Stone Matt. The distinctive curves of the basin contrast stylishly with the inset, geometric lines of the white units.

Complete the look with a choice of handles and brassware in a range of sophisticated finishes.

Matt White Unit & Stone Matt Basin

Organic Influences

The Spectrum basin design is influenced by the natural flow of water and sits on a white unit incorporating a subtle inset grooved border.

Bathing

Affordable Luxury

Phoenix whirlpool and airpool systems are luxurious, affordable and one of the finest investments you can make in your personal and family well-being.

Developed from years of experience and using the latest technology, each system has been carefully designed to ensure maximum benefit with long lasting reliability.

Choose from 3 high performance whirlpool and airpools, each one is manufactured specifically to suit your chosen bath.

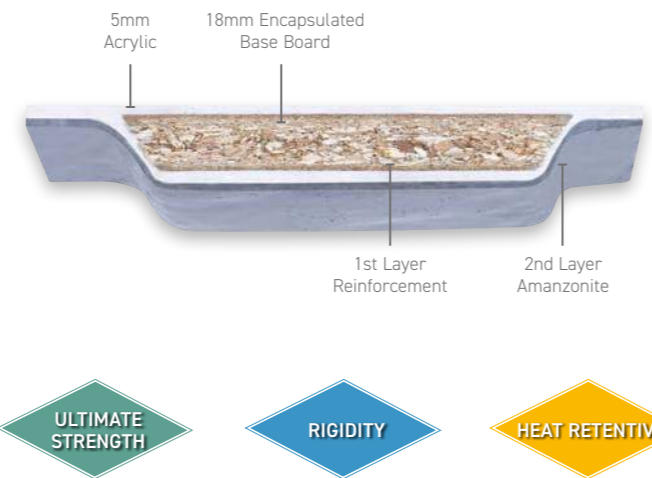

The Quality of an Amanzonite Bath

Over the last 23 years Phoenix have developed an unrivalled reputation for luxury bathing that incorporates the most versatile and contemporary designs.

Amanzonite is our modern technical advance which delivers the ultimate in strength, rigidity and heat retention. It uses a reinforced layer which enhances the baths thermal properties giving you a consistent bathing experience time and time again.

Amanzonite is now respected throughout the industry and is the barometer of quality by which bath manufacture is judged. As a result, it has become our most popular bath option.

UK Manufactured

For over 23 years Phoenix have been at the forefront of whirlpool design and innovation.

† All Phoenix whirlpool baths are manufactured to exacting standards at our Yorkshire production facility using components from world renowned, industry leading brands. Working closely with suppliers ensures a seamless production and supply process and gives us total control over stock, designs, and most importantly, quality of materials and build.

PHOENIX

Developed from our unrivalled industry experience to provide cleaning & maintenance solutions and luxurious design options, Phoenix whirlpools' unique design features include:

- V-Jet system fully drains the bath every time
- Phoenix Dry-Run Pump Protection means the system can't run without water
- All airpool jets are made from chrome-plated solid brass and non-return valves prevent unseen water sitting in pipes

Whirlpool & Airpool Systems †

- Variable three-speed airpool blowers allow you to customise your bathing experience
- An optional inline heater, on system 1 & 3 baths, can maintain a consistent water temperature during bathing

Easy-to-use lighting features can also enhance your bathing experience with underwater, rotating and coloured light options.

TAPS SERIES

TAPS, SHOWERS & ACCESSORIES

All Phoenix taps are cast from the finest brass raw material and hand polished, then fitted with world leading Sedal cartridges and Neoperl aerators. All Phoenix accessories are manufactured from polished chrome plated brass giving our taps and accessories both form and function for many years to come.

PVD utilizes a Titanium Nitride that provides an extremely **durable** and **hard-wearing** coating. PVD coatings possess a far higher resistance to wear than traditional gold plating. It is a fact that the PVD coating will stay on the product longer than traditional electro-plating and powder coating.

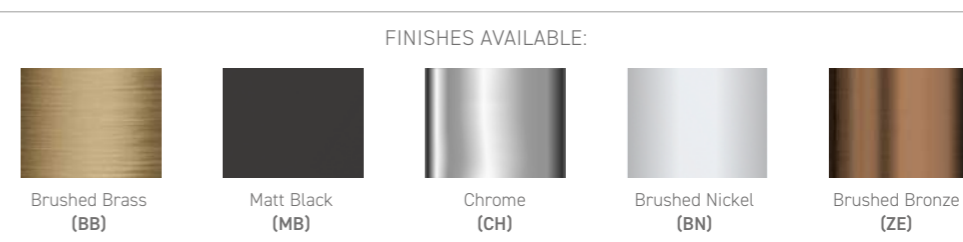

Phoenix recommend the installation of an inline water filter to prevent the build-up of limescale and maintain the longevity of all your household products, including your taps and showers.

For showers on a low/medium pressure system, we recommend that a negative head pump is installed. For home pressure diagrams see page 346.

SHOWERING SOLUTIONS

EXPOSED SHOWERING SOLUTIONS

Rigid riser rails were originally designed to be used where the wall cavity will not allow for a concealed valve. Things have moved on a long way since then and now these exposed shower units encompass features including our Coldtouch safety feature.

PVD DURABLE COATING

Our PVD coating is a modern process that will stay on the product longer than traditional electro-plating and powder coating.

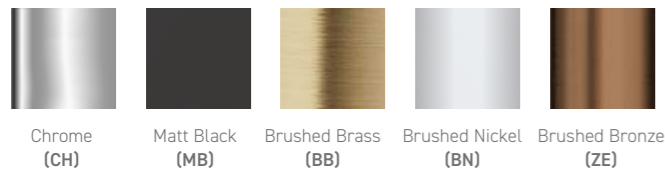

PVD utilizes Titanium Nitride molecules that provide an extremely durable and hard-wearing coating.

PVD coatings possess a far higher resistance to wear than traditional gold plating.

HEATING

Phoenix offer designer towel warmers and stylish radiators that make a statement and add to the visual feast that your home has become, whilst also providing a practical heating solution.

CH CENTRAL HEATING

All Phoenix radiators are designed to work in conjunction with hot water central heating systems and are clearly marked with the **CH** symbol in the brochure to denote this.

DF DUAL FUEL

Many of the Phoenix radiators can be used with an additional heating element. Dual fuel radiators can be used either with the central heating system and the heating element switched off or with the heating element switched on if the central heating is not required in other rooms, this is called dual fuel.

DT DIGITAL THERMOSTATIC DUAL FUEL

Phoenix have developed a wireless digital touchscreen controller that can be added to your dual fuel radiator to give ultimate control with the programmable timer.

TF THERMOSTATIC DUAL FUEL

To give even more control to your dual fuel radiator you can install a thermostatic heating element to give control in reaching your desired temperature.

PE PRE-FILLED ELECTRIC ONLY**

All Phoenix pre-filled electric radiators are specially produced and factory filled with **FERNOX** heat transfer anti-corrosion fluid to maintain product quality for years to come.

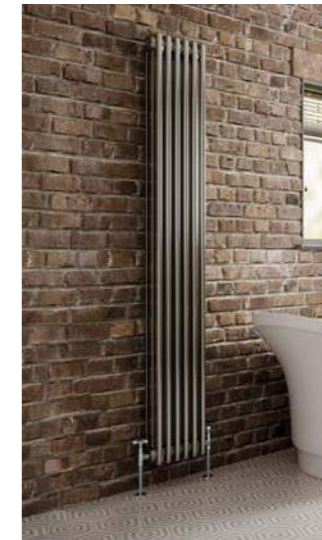

All Phoenix pre-filled electric radiators can be fitted in conjunction with our wireless digital touch screen controller to give you ultimate control of temperature.

Each radiator style is clearly marked with the relevant symbols for compatible fuel types available. Product compatibility is the responsibility of the installer. All Phoenix radiators are tested at $\Delta 60$.

POLISHED STAINLESS STEEL

Our stainless steel radiators are hand-crafted from high quality 304 grade stainless steel, giving a more resilient and longer lasting polished finish. Stainless steel radiators are ideal for all installations and are more commonly used in wetroom areas due to their anti corrosion properties.

Terms & Conditions

PHOENIX PRODUCT GUARANTEE:

All product guarantees are subject to the following terms and conditions: The product has been fitted/installed in a well ventilated room with appropriate air extraction, and in accordance with the appropriate fitting instructions, local bylaws, by a competent qualified bathroom installer and in line with general good plumbing practice; The product has been maintained and cared for in accordance with the instructions (including regular and appropriate cleaning); If any product has been modified, misused, neglected, wilfully or accidentally damaged; or if Phoenix have not received payment in full; then the product guarantee is invalid.

The guarantee on all Phoenix products is a minimum of 5 years from the date of supply from Phoenix unless otherwise stated. The guarantee only covers the material structure of products and not serviceable parts that perish due to fair wear and tear. For exclusions visit: www.phoenix-uk.co.uk/guarantees

In the event of a guarantee claim, the liability of Phoenix is limited to the product supplied and does not extend to consequential loss or damage arising from defective product. The guarantee applies to the original purchaser ONLY and is not transferable. This guarantee does not affect your statutory rights and is applicable in the UK Mainland and Republic of Ireland (exclusions apply, see website for details). All products installed in a commercial or rental property environment carry a 12 month guarantee.

Phoenix are unable to guarantee product compatibility when installed with other manufacturers products.

The specifications and prices contained within this brochure are for information purposes only and, as our products are continually updated, are subject to change without prior notice. We cannot be held responsible for the use of incorrect dimensions shown for first fix without the actual products on site. All dimensions stated in this brochure are nominal and are subject to manufacturing tolerances. All prices include VAT at 20%.

For technical information and downloadable Data Sheets, please visit: www.phoenix-uk.com

To guarantee your Phoenix product, please register within 15 days of receipt. Visit: www.phoenix-uk.com/pages/guarantee

For product cleaning & maintenance information, please visit: www.phoenix-uk.co.uk/care-maintenance

RETURNS PROCEDURE:

Phoenix appreciate that choosing your ideal bathroom does not always run as smoothly as you may wish. Whilst we do not operate a sale or return policy, we do provide an option for the return of products under the conditions below:

1. It is our policy to only accept the return of unwanted products in good condition in their unopened original packaging that have been supplied within one month from the date of invoice. Returns requests can be made at: www.phoenix-uk.com/pages/online-returns-form

All return requests must be made by the Phoenix Customer who originally purchased the goods stating the original invoice or delivery note number, the product code and description, quantity of items for return along with a clear description of the reason for return.

2. Upon receipt of the returns request our returns team will process the relevant paperwork to arrange the collection of the requested products. We may sometimes require additional information relating to the returns request such as images of the products to highlight any relevant reason for return. It would be a benefit if these can be provided at the time the returns request is submitted to us. Once confirmation that the goods are available for collection a carrier will be booked to collect the items. Should a failed attempt be made to collect the goods for return then a fee to cover the transport costs for the failed delivery may be applied and deducted from the value of the credit.

3. All items that are due to be returned must be suitably packaged to reduce the risk of damage during transit. Any products that are found to be returned damaged due to being unsuitably packed may result in a request for credit being refused.

4. Any products returned in a condition other than that which is stated in the returns request may result in a request for credit being refused.

5. Any items that have been reported and accepted by Phoenix as faulty or damaged will be credited in full upon inspection on return to our warehouse. Please note that any damages or shortages will only be accepted if reported within two days of receipt in writing by email. Notification outside of the two day period will void any claim.

6. All items returned, with the exception of faulty or goods reported damaged when originally delivered, will be subject to a transport and administration charge.

7. Any goods returned as not required may be subject to a restocking charge. To obtain this in advance of any return, please contact our Returns Team by email: returns@phoenix-uk.com providing the details of the product and original purchase invoice. Any restocking charge will be applied to the credit issued in line with our terms and conditions of sale.

As per our conditions of sale and terms of our guarantee, the liability of Phoenix is limited to the product supplied and does not extend to consequential loss or damage arising from products received defective or damaged.
